DETAILED ACTION

1. In response to the previous office action, Applicant has cancelled claims 1-3 and added claims 4-8. Claims 4-8 have been examined.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 4-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 7,158,953 to DeMello et al. in view of U.S. Patent No. 5,477,415 to Mitcham et al.

As per claim 4, DeMello discloses a client that includes a microprocessor and the use of removable non-volatile memory such as flash memory cards or detachable media (see column 7, lines 43-45). Downloads are made via the Internet (see column 21, lines 66-67). Files are delivered to the client system in an encrypted form (see column 5, lines 22-55 and column 39, lines 22-41).

DeMello does not explicitly disclose the use of a docking station in the client.

Art Unit: 2134

Mitcham discloses a common client configuration in which a docking station is used to connect a portable computer to a network for all communications (see column 2, lines 47-63).

Therefore it would have been obvious to one of ordinary skill in the art at the time the invention was made to implement the client of DeMello using Mitcham's docking station for a laptop client, as this provides network access.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Art Unit: 2134

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
